➤ Circular to All Member States and Associate Members

Subject: **The Theme for 44th African Telecommunications/ICT Day – 7th December, 2021.**

During the 22nd Ordinary Session of the ATU Administrative Council meeting held virtually from 22-26 June 2020, Members of the Council adopted Resolution No. 05/AC-22/2021 (copy attached) on the theme for this year as: **“Digital Skills Development for Africa’s Digital Transformation”** to be celebrated on 7th December, 2021.

Accordingly, all the Member States are requested to block this date and create awareness in their respective countries by organizing activities like workshops, exhibitions and putting supplements in the print and electronic media on issues addressing the above theme to commemorate the founding of the Union 44 years ago.

Members are therefore encouraged to plan activities around the theme and forward a report to the Union on the outcome of the celebration for onward transmission to the next Ordinary Session of the Council in May 2022.

The Secretary General’s message on the day shall be circulated to all the Member States in due course.

I renew to you the assurance of my highest consideration.

Yours Faithfully,

John OMO
Secretary General
